

# SHAFAYET HOSSAIN

Front-End Developer

## PROFESSIONAL SUMMARY

Dedicated, detail-oriented and highly accomplished Front-End Developer with wide experience in the development of web applications in HTML, CSS, JavaScript, React.js, RestAPI, Node.js, MongoDB, Firebase. I have successfully worked on a wide range of projects with international teams and clients, and have proven ability in team leadership. As a highly organised individual, who is dedicated and self-motivated, my skills in building successful connections with clients and colleagues make me an excellent addition to any team. I am now looking for a new challenge building novel products, where my extensive skills can be fully utilised and further developed.
